Accounting & Book Keeping

Accounting is vital to any business, whether it's a start up, SSI, MSME, large corporate or the Government as it is primarily responsible for keeping track of where money goes within an organization. It is difficult to make sound business decisions in today's global economy without having timely, reliable and meaningful financial data. Quite a large number of businesses may not have access to the service of book keeping, whether it is due to shortage of resources or any other reason. We can boost business success by making accounting systems work harder providing accurate on time financial information and MIS data for management as and when it is needed.

- ✓ Accounting and Book Keeping Services
- ✓ Accounting Process Automation
- ✓ Financial Books remediation

Corporate Law Compliance Advisory

Compliance means the complete alliance of various parts of the business – whether commercial, financial, or regulatory. It necessitates following the rules, both external and internal. In last couple of years, Corporate Laws have witnessed changes and introduction of new compliance requirement with an intent to bring transparency and increased governance. The exponential growth in the level of compliance coupled with stringent monitoring by regulatory agencies, is forcing corporate to become more compliant and vigilant in their dealing. Such development exposes both the Company and its Directors to a higher regulatory risk if the compliances are ignored. Our compliance management programme produces positive results at several levels for the Company and its Directors and enables them to focus on business opportunities and growth.

- ✓ Companies Act: Complete MCA filing and Record preparation and maintenance solution
- ✓ Listing Compliances: Complete compliance for NSE / BSE / SEBI wrt listing agreement and SEBI Regulations
- ✓ NBFC Compliances: All RBI filing and other compliances for NBFC
- ✓ Labour Laws Compliances: Filing of Returns / Challans of ESI / PF / PT and other compliances
- ✓ Other Compliances: Compliances wrt FEMA, RBI and other
- ✓ Setting of Compliance Framework, Compliance Hygiene Check

Legal Advisory

In today's complex and rapidly changing regulatory and business environment, where businesses are more than ever exposed to strict compliance requirements and new business challenges, every business transaction has a legal aspect. Our understanding of the commercial laws, legal regulations and industry knowledge enables us to provide holistic guidance around strategic business decisions and offer support services that can increase efficiency and reduce the cost of some routine legal activities. To thrive in this business world, you need access to legal advice that you can trust. We minimise the gap between business advisors and legal counsel.

- ✓ Legal obligations under various contracts and agreements
- ✓ Business Contracts and Agreement drafting and vetting
- ✓ Family asset distribution & Succession with Tax planning
- ✓ Assisting in Legal matters / cases related to Corporate Laws and commercial matters
